

Responsible Recreation Guidelines

Before you go

- Check what's open. While many state-managed land destinations are open for day-use, other local, tribal, and federal land may still be closed.
- Opt for day trips close to home. Overnight stays are not permitted.
- Stay with immediate household members only. Recreation with those outside of your household creates new avenues for virus transmission.
- Come prepared. Visitors may find reduced or limited restroom services as staff begin the process to reopen facilities at wildlife areas and water access sites. Bring your own soap, water, hand sanitizer, and toilet paper with you.
- Enjoy the outdoors when healthy. If you have symptoms of fever, coughing, or shortness of breath, save your outdoor adventure for another day.

When you get there

- Avoid crowds. Be prepared to go somewhere else or come back another time if your destination looks crowded.
- Practice physical distancing. Keep six feet between you and those outside your immediate household. Launch one boat at a time to give others enough space to launch safely. Leave at least one parking space between your vehicle and the vehicle next to you. Trailer your boat in the same way.
- Wash your hands often. Keep up on personal hygiene and bring your own water, soap, and hand sanitizer with you.
- Pack out what you pack in. Take any garbage with you, including disposable gloves and masks.

BE RESPONSIBLE

Enjoy the outdoors responsibly
Check your state/local laws and regulations

STAY HEALTHY

Avoid large crowds
Wash your hands often
Practice physical distancing
If you're not feeling well, stay home

STAY LOCAL

Stay close to home and enjoy the outdoors
Explore activities like hiking, hunting, fishing, birding and more.

BE PREPARED

If crowded, choose a different location or time to visit
Cover your face
